CHARTERED
ACCOUNTANTS

About Us

Sibiya Chartered Accountants is a South African registered accounting and advisory firm providing comprehensive audit, advisory, and business support solutions to private companies, public entities, and non-profit organisations.

Founded with a vision to combine traditional professional services with modern technology-driven approaches, the firm specialises in audit, governance, risk management, and digital transformation. We are committed to excellence, independence, and integrity in everything we do, guided by our professional standards and regulatory compliance.

Our mission is to provide value-adding services that empower clients with insight, accountability, and resilience. Through a client-focused model, we tailor solutions that meet the unique needs of every organisation while ensuring compliance with relevant frameworks such as ISA, ISQM, IFRS, PFMA, MFMA, King IV, POPIA, and Companies Act.

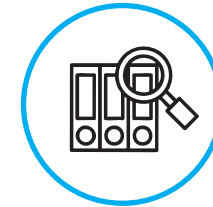

Established in 2018, Sibiya Chartered Accountants has grown into a trusted partner in audit, ICT governance, and advisory services

Our Approach

We believe in a risk-based, technology-enabled, and governance-focused approach. Every engagement is grounded in three principles:

1. Integrity and Independence – Upholding professional and ethical standards at all times.
2. Innovation and Technology – Leveraging automation, analytics, and cybersecurity tools to deliver more efficient results.
3. Impact and Value – Ensuring our work creates measurable outcomes that strengthen governance, reduce risks, and enhance decision-making.

Our teams combine the skills of Chartered Accountants, Certified Information Systems Auditors (CISA), Certified in Risk and Information Systems Control (CRISC) professionals, Certified Ethical Hackers (CEH), and project managers to deliver solutions that are both technical and business-oriented.

Our Managing Director

Sandile Kevin Sibiya (CA[SA],
CISA, CRISC)

Sandile Sibiya is the Founder and Managing Director of Sibiya Chartered Accountants. He is a Chartered Accountant (South Africa) with specialised certifications in Information Systems Audit (CISA) and Risk & Information Systems Control (CRISC).
